2. Audio Course Events

The chapter board is currently reviewing the program list of audio conferences for this year to see which topics best fit our member and “frequent non-member attendees” market base. Dates are also being reviewed against known workload conflicts and furlough dates to avoid a low attendance event. Our target is to offer 2 audio conferences this year.

We may purchase other CD’s of past audio courses and slot them into our program schedule according to the dates we are best able to book facilities. We may combine a couple of the audio courses into 1 event or hold some as additional extended luncheon meetings. For others, we hope to partner with State agencies. We may try to combine the audio CD with an additional live speaker for a longer event with additional CPE.
